I SUPPORT ALTERNATE 9. THE
POPULATION IS GROWING RAPIDLY IN
SOUTHER CALIF. I THINK THAT

My comments on the Draft EIR/EIS are:

Obviously, great pains have been taken to avoid taking peoples homes. The southern most route accomplishes this best,

I do support this new road.
Further south would be even better.

My comments on the Draft EIR/EIS are:

*Please propose an alternative to the preferred route?
There would be less impact to the Lake Mathews Drive
residential area (near Descanso + Ridgedale) if the preferred route
were to go south of Estelle Mtn. instead of north of
Estelle mtn. as proposed. The preferred route would dramatically
increase noise + air pollution at my home. I suffer from asthma + stress!*

Gavilan Hills is zoned as "Rural".
Technically and/or legally is it still considered
"Rural" if a freeway goes through it?

How close will the freeway come to the borders of the Hartford Springs Wildlife Preserve? How can you protect the natural environment of the preserve by putting a freeway right next to it?
