My comments on the Draft EIR/EIS are:

I still think you should widen Cassico. Don't give up on that. The Parkway should resemble the 241/261 toll road, in that there should be minimal on/off ramps. That should make some property owners happy because it won't dump or accumulate traffic in their area. Do NOT make it a toll road. I'm curious what the connection to the 15 will look like.
