

# San Jacinto Wildlife Area:

## When can we go and how do we get there?

Bird watchers enjoying newly restored riparian habitat.

DFG photos by Tom Paulek

Above, volunteers plant trees. Right, an upland game hunter takes advantage of opportunities at San Jacinto WLA.

**Hours:** Open during daylight hours every day.

**Activities:** Hiking, nature study, wildlife photography, in-season hunting, bird-watching (organized walks are available for a variety of levels), horseback and bicycle riding. Dogs are allowed but must remain on a leash. Automobiles are allowed on a 5-mile auto tour route.

**Facilities:** Vehicle access, parking areas, public restrooms, drinking water, self-guided nature trails, interpretive display. The area has disabled accessible restroom, parking and viewing areas available year round. The wildlife area also provides two disabled accessible hunt sites for use during the waterfowl season.

**Weather:** Summers are hot and dry. Winters are mild with occasional rain.

**Preparation needed:** Wear long pants, long-sleeved shirts and hiking boots in the wildlife area and bring insect repellent. Summers in this area can become very hot. A good hat and sunscreen are highly recommended. Although drinking fountains are available at the entrance of the wildlife area, hikers should carry bottled water. This is a wildlife area and care should be taken. Rattlesnakes, all manner of biting and stinging insects, and an occasional mountain lion live here.

**Location:** From Interstate 215, go east on Ramona Expressway to the community of Lakeview. Turn north on Davis Road and drive 2.3 miles to the wildlife office.

**Information:** Department of Fish and Game San Jacinto Wildlife Area, 17050 Davis Road (P.O. Box 1254), Lakeview, CA 92567. Call 951-928-0580. 🐻
