I wanted to comment on the DEIR.

This would be bad for Moreno Valley.

I work for a furniture manufacturer with 17 Class A drivers and over the road are  
Daily trailer shipments full of product. It tears away the roads, increases traffic  
with all the new regulations regarding idling in California and being CARB comp  
to unhealthy air conditions for our community. Health issues specific to asthma  
autism.

Listen to your community. Don't do this.

D. LaDonna Jempson
