My comment is not necessarily pertaining to the study of this report, but refers to the overall project. The county needs to expedite its decision process because I have wasted my time and effort in purchasing land in this worthless area. My investment has been "dead" for about 8 years now, which is the time I purchased it. The county should notify the assessor's to notify future property transactions that "NO BUILDING PERMITS WILL BE ISSUED IN THIS AREA UNTIL A FINAL DECISION IS MADE REGARDING THE WIDENING OF CAJALCO RD". If I had known this before, I would not have wasted my money there. P-16-1

Good Job!! Support Placentia or Rider route. Please avoid noise and approve the project. Need Placentia off ramp badly from 215. Also due to population start west and head east. Good Luck. P-17-1
